

# Southeastern Energy Society

*September 15, 2008*

Topic: The Earthcraft House Program

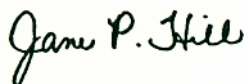

*EarthCraft House is a green building program developed in 1999 for single family homes in Atlanta, but the program has grown to operate in seven southeastern states. The program has also developed standards for Multi-Family buildings, Renovations, Communities, and is currently piloting a program for Light Commercial buildings.*

Speaker: Sean Bleything

Program Duration: One hour
